**Subject:** Information Repository in Harrison

**Importance:** High

Good morning!

I hope you're both doing well. I want to thank you both so much for all your help making the VoToys public meeting a success. I think it went well!

We were hoping to set up an information repository in the town for residents. Typically we set up information repositories in local libraries; however, we wanted to know if the local library is an appropriate place for Harrison or do you think there's a better place for it? This would include all documents related to the work EPA is doing at the buildings – demolition design, factsheets, etc.

Looking forward to hearing back from you.

Thanks so much!  
Shereen
